IOANNIS TSILIRAS

Data & AI Transformation Director, OTE Group Of Companies

Ioannis Tsiliras is the Data & AI Transformation Director at OTE, part of the Deutsche Telekom Group. With over 25 years of experience in Telecoms, Automotive, and FMCG, he has led major digital, commercial and CX growth initiatives. Ioannis is a business-oriented leader who now drives OTE's AI-powered business transformation to enhance

the company's growth. His experience includes management and engineering roles in STET Hellas Telecommunications (now NOVA), Jaguar Cars UK, and Weetabix UK. He holds a degree in Chemical Engineering, an MSc in Statistics & Reliability from City St George's University of London, and an MBA from Warwick Business School.
