PANOS VASSILIADIS

CEO, Ideal Holdings

Panos Vassiliadis joined IDEAL in August 1993 and since then he held several positions of responsibility in various subsidiaries of the Group.

In 2003 he took over the position of General Manager at the subsidiary company ADACOM SA and since 2010 he promoted to the position of Managing Director. Under his management, ADACOM achieved to become one of the largest cybersecurity companies in Greece with a clientele in more than 30 EMEA countries and among the leaders in the area of Trust services and e-Signatures, having implemented large

and complex projects in Greece and abroad. In January 2020, he took over the role of Chief Operation Officer of IDEAL Holding SA, while in the summer of the same year he was appointed Chief Executive Officer.

Panos holds a Master's degree in Business Administration (MBA) from Athens University of Economics and Business, and many certifications from various cybersecurity companies. He has extensive experience in strategy and project management in the broader field of IT and integration, as well as in eIDAS Trust Services.
